Effort Being Made To Have
Former Vice-President Speak

It was announced this after-
noon that an effort was being
made to have Charles Warren
Fairbanks, former vice-presi-
dent of the United States, speak
at the proposed patriotic day
exercises at the fair on Wed-
nesday, September 12. It was
stated that Frank Dailey, sec-
retary of the State Council of
Defense and former United
States district attorney, would
be invited to speak at the fair
on Friday.

A patriotic day for the county fair
was in the making today following
the receipt this morning by A. Bogue,
secretary of the association, of a
form letter from Horace Ellis, chair-
man of the educational section of the
State Council of Defense, advising
the fair not be allowed to pass with-
out laying stress on the patriotic
phase because of the war. The fair
will be held September 11 to 14.

The letter suggested a plan which
will probably be worked out for Wed-
nesday of the fair, which, according
to tentative arrangements today, will
be patriotic day. Secretary Bogue
talked with members of the board of
directors and they favored making
the day an occasion for a demon-
stration for all men who have been
drawn and certified to the district
board for service in the National
army.

Hastily made plans today provide
for a basket dinner about eleven
o'clock for all men who have been
passed for the army, not simply
those who will respond to the first
call. There will be approximately
one hundred certified for service by
that time, although only sixty-six
will respond to the first call.

While it is true that some of the
first quota will be called to the
Louisville cantonment on Wednes-
day, September 5 they will represent
only five per cent of the quota—
four men—and the bulk of the first
draft will still be here. Forty per
cent will report on Wednesday of the
week following the fair. The belief
was expressed by many today that
the county fair would be a most ap-
propriate place for the farewell be-
cause the men come from all parts of
the county and the fair is an insti-
tution that appeals to every phase
of life in the county.

Mr. Ellis urged a stirring patri-
otic address for the fair in his let-
ter and stated that the educational
section of the State Council of De-
fense would co-operate and send a
speaker if desired. The fair board
will accept the offer and get a speak-
er for patriotic day. The form that
the plans took today was for the men
of the new army march from the
place where dinner is served to the
track in front of the grand stand
and then into the grand stand where
the exercises would be held at noon,
so as to complete the program before

GERMAN LOSS OVER 50,000

Casualties in Flanders Battle Since
July 1 Are Compiled

With the French Army in the
Field, Aug. 28.—Germany has lost
over 50,000 men in the Flanders
battle since July 1. The figures
were compiled today when the as-
sembling of data obtained from pris-
oners was completed.

These estimates of losses do not
take into account the huge casual-
ties which the enemy has sustained
around Verdun and Ladies Highway.

SANITARY UNIT'S HOURS NUMBERED

Expect at Any Moment to be Called
to Fort Harrison if Fourth
Infantry is Moved.

A CALL FROM MAJOR CAREY

With the mobilization of the
Fourth regiment at Fort Harrison
today, providing the necessary equip-
ment was secured, members of the
local sanitary detachment were ex-
pecting an order today calling them
to Indianapolis. If the regiment goes
into camp at the Fort the sanitary
detachment is expected to go there,
but if the regiment remains at the
state fair grounds, then the local
unit expects to go to the fair
grounds.

This latter course was expected by
the men. Lieut. Green was out in the
country today buying a horse for
himself. At a late hour this after-
noon no definite word had been re-
ceived regarding leaving of Rush-
ville but the men were expectant.
The other equipment for the unit is
expected to be issued as soon as they
arrive in Indianapolis. Major
Carey called from Indianapolis by
telephone last night and instructed
the detachment to have everything in
readiness to depart at a moment's
notice.

O. D. TYNER MAY BE INJURED INTERNALLY

Former Principal of High School
Is Seriously and Daughter Slight-
ly Hurt at Fort Wayne

AUTO STRUCK BY STREET CAR

Orval D. Tyner, instructor in the
Fort Wayne high school, formerly
principal of the Rushville high
school, is suffering from three frac-
tured ribs and possible internal in-
juries, and his daughter, Anna Tyner,
has severe injuries about the
head, the result of an accident Sun-
day evening when an automobile in
which they were riding was struck
by a city street car at the corner
of Lewis and Barr streets, Fort
Wayne. It is likely that Mr. Tyner
will not be able to take up his du-
ties when school opens.

They were riding in a machine
driven by F. M. Brandon of Auburn.
The city car approached the street
intersection at a rapid rate of
speed and struck the auto before it
could cross the tracks.

TO FIX COPPER PRICES.

(By United Press.)

Washington, Aug. 28.—Copper
prices will be fixed by President
Wilson within a week. Eugene Meyer,
Jr., New York banker, is slated to be
"dictator of copper, zinc and lead"
serving under B. M. Baruch. The
copper price fixed is expected to be
around 20 cents a pound.

LETTER POSTAGE SAME.

(By United Press.)

Washington, Aug. 28.—The senate
today by a vote of 39 to 29 struck
from the war revenue bill the pro-
vision for an increase in letter post-
age from two to three cents.

PLACE TO SLEEP MIGHT BE WORSE

Company B's Shelter is Warehouse
But it is Not so Bad as The
Floors Are Soft Pine

FEW CASES OF HOMESICKNESS

All Men Who Have Been in Service
Think Camp Shelby Will be
Good Training Camp

Camp Shelby Will Be
Ready by September 18.

Hattiesburg, Miss., Aug. 28.—
Indications today were that
Camp Shelby will be ready for
Indiana men and others as-
signed here by Sept. 18. Con-
trary to earlier reports there is
plenty of water here. Only
electrical equipment is now
lacking to pump an abundant
supply for all purposes.

(Special to the Daily Republican.)

Camp Shelby, Hattiesburg, Miss.,
Aug. 28.—After being here a few
days things begin to look a little
more pleasant for Company B.

The first day in camp was one of
the hottest days of the summer and
it certainly was hot for the northern
boys. The only shade we can find
is from the pine trees and that is in
such small quantities that it doesn't
count.

About a thousand men have ar-
rived since we reached here and it
will soon begin to look like a real
training camp. Troop trains are
coming in every day and night and
almost all the other companies have
full equipment. Our captain is try-
ing his best to get us fitted out, but
it is an awful hard thing to do.

Only a few of the boys had a
case of homesickness and as a rule
the rest of them are singing, wrestl-
ing or kicking about the eating.

We have been unable to get any
supplies from the quartermaster's
department, and still have to eat
our traveling rations which consist
of canned meat, tomatoes, beans,
blackberry jam and hard tack.

It is great to hear the boys talk
of hard tack, but I suppose every-
one will get so they relish it before
they leave the army.

There is only one way that it is
served so that it is really good and
that is to soak it for two hours and
then fry it in deep grease and serve
it with syrup.

We used some of the mess fund
to purchase something good to eat
but at that about all we were able
to get was salt-bacon and a few
vegetables. Mess Sergeant Brann
has gone to Hattiesburg to try and
arrange for the purchase of some
fresh bread and meat.

We are under a greater disadvan-
tage than was really expected as
everyone thought cantonments
would be provided for sleeping quar-
ters, but we have found that we are
supposed to sleep in tents and as we
are not equipped with tentage, it is
necessary for us to sleep on the
floor in one of the large warehouses.
But that is not so bad as the floors
are all made of soft pine.

Captain Kiplinger and his officers
have an awful time trying to drill
the men on account of the holes
caused by blowing out stumps.

The company was in platoon for-
mations yesterday in their drill and
the captain thought he had lost a
squad of men from one platoon, but
later found they were in correct
formation all right, but were out of
sight in one of the stump holes.

Our second lieutenant, Kreber,
seems to be a real officer and is tak-
ing up his duties in a business-like
manner. He seems to be a very
sociable officer and is liked by the
men under his charge.

All the men who have ever been
in service seem to think this will be
a fine training camp in a few weeks
and it certainly ought to be a good
place for winter training.

BOARD BELIEVES IT IS SUSTAINED

No Other Interpretation Can Be Put
on Silence of District Army Se-
lection Board

MORE APPEALS ARE LIKELY

Eight Members of Company B Fail
To File Claims For Discharge—
Matter Will Be Arranged

The local selection board today
again failed to receive word from
the district board in session in Fort
Wayne. In the absence of any in-
formation concerning the cases that
have been sent from this county,
the local board is taking it for
granted that its action has been sus-
tained or word would have been sent
in case of any reversals.

In the meantime the local board
has caught up in the clerical work
connected with the examination and
the making out of the official papers.
The board believes the county's
quota of sixty-six and the additional
ten per cent asked by the govern-
ment has been reached and passed
and for this reason will not call any
more men for examination.

A. L. Gary, local appeal agent,
was investigating some cases today
and intimated that some more ap-
peals would be taken. The nine ap-
peals which he took last week will
not be withdrawn on account of the
new interpretation put on the rules
by the president and the provost
marshal. Mr. Gary's position is that
all claims are automatically appealed
and for this reason there is no need
to withdraw those in which he gave
official notice of appeal.

The appeal agent is carefully in-
vestigating the affidavits for exemp-
tion and in cases where he finds a
wife with sufficient income outside
of that furnished by her husband,
appeals will be taken. It was inti-
mated that the appeal agent had
found one such case, the wife being
worth approximately \$25,000. It is
the understanding of the appeal agent
that in a case of this kind the
woman would not be solely depen-
dent upon her husband and there
would be no good reason for his not
going to war.

The local appeal agent this morn-
ing received a copy of the letter
sent out by Provost Marshal Gen-
eral Crowder last Saturday to all
governors and state conscription
agents, calling attention to the sit-
uation as regards married men. The
letter urged all boards to exempt
heads of families in cases where
claims had been filed and in cases
where the wife did not have a sep-
arate income. The letter contained
practically the same instructions as
was carried in Washington news dis-
patches of last Saturday. Local
authorities believe the order will
simply tend to make the work of the
boards uniform.

In checking over its lists the local
board yesterday found eight mem-
bers of Company B, who had filed
no claims for exemption because of
being in the military service or else
had overlooked to file the necessary
affidavits to support the claims.

Of course, the local board knows
the men are members of Company B,
but their knowledge can not be used
to make the records correct and
satisfy the district board. As a re-
sult eight names of men who are
already in the federal military ser-
vice were certified to the district
board.

It is not known why the men did
not file their claims for exemption
as is provided by law. Other mem-
bers of the company who were
drafted put in their claims and re-
ceived their discharge. The local
board could find no provision in the
law whereby a man can be exempted
or discharged because he is in the
service unless he files his proper
claims. The company's officers
promised to look after this matter

AUTO ACCIDENT IS BASIS OF \$5,000 SUIT

Mrs. James Moore Brings Action
Against Howard Wewee, Son
of Leonard Wewee

NEGLIGENCE IS ALLEGED

Mrs. Ruth Moore, wife of James
Moore, filed suit for \$5,000 damages
today against Howard Wewee, son
of Mr. and Mrs. Leonard Wewee,
north of the city, for injuries re-
ceived when she was struck by the
Wewee automobile on the Fort
Wayne road, March 12, 1917. Mrs.
Moore alleges negligence on the part
of the defendant.

The complaint states that Mrs.
Moore in company with her husband
was walking towards this city and
were at the extreme left side of the
road. Young Wewee, it is charged
attempted to pass a machine driven
by Knowles Newhouse while going
at a high rate of speed and in a
negligent manner. In going around
the other machine Mrs. Moore was
struck and hurled for a distance of
twenty-five feet. She alleges she
sustained injuries to her knee, hip,
head, face and suffered a nervous
shock as a result of the accident.
The plaintiff claims she is perman-
ently crippled. Kiplinger and Smith
represent the plaintiff.

ITALIANS EXPECTED TO SWEEP TO TRIESTE

Civil Evacuation is Reported at
Washington With Enemy Only
Twelve Miles Away

NO ACTION ON WEST FRONT

Austria's fear of Italy is reach-
ing the point where her great of-
fensive will sweep over to Trieste,
Queen City of the Adriatic. Dis-
patches to the Italian embassy in
Washington reported a hurried civil
evacuation under military orders of
that city and the sweep forward of
the Italian forces.

At last reports they were less
than a dozen miles distant. A hun-
dred miles to the north cables de-
tailed even greater progress of the
Italian drive across the Bain Sizza
plateau. Austrian troops are op-
posing them vigorously but with
waning morale.

Owing to assistance being given
Austria's enemies by this govern-
ment the dual monarchy is expect-
ed to declare war on America soon.

Neither the British or French of-
ficial statements indicate any great
action today. Field Marshal Haig
reported a 2,000 yard advance in
Flanders near the St. Julian-Cap-
pelle road.

ELECTRIFIED BY WILSON MESSAGE

Moscow Conference Greet's Presi-
dent's Promise of Aid by Thun-
derous Applause

PREMIER KERENSKY READS IT

First Time Since Convening That
There Was Any Unanimity of
Action by Delegates

By WILLIAM G. SHEPHERD

Moscow, Aug. 28.—President Wil-
son's message to the Moscow con-
ference electrified that assembly to-
day. His promise that America
would aid new Russia "with all
moral and material power" was
greeted with thunderous cheers. His
entire statement produced a deep
impression, coming as it did after
speeches of cabinet officers had an-
nounced Russia's grave need of fi-
nancial assistance and moral aid.

Premier Kerensky read President
Wilson's message.

The president's cable was re-
ceived at midnight. The conference
had labored for many hours before
that. The great hall of the meeting
was stilled as the tired delegates
prepared to leave. The message was
read amidst a silence that bespoke
eager attention. Then came a storm
of cheering. Every delegate in the
hall arose to his feet. The bedlam
of sound continued for several min-
utes.

It was the first time since the con-
ference assembled that there was an
unanimity of action. Even the Cas-
cadet part members joined in the de-
monstration. Heretofore that body
sat stolidly, almost glumly, applaud-
ing no speaker except those of their
own party.

The chasm between these quiet
Cadet forces and the workmen's and
soldiers representatives was just as
wide early today when the session
concluded as it was in preceding
meetings. The single point of unan-
imity in the two forces developed in
the reading of Wilson's message.

All of Moscow is guarded in a
fashion of the old days of autocrac-
y. Cossacks patrol the city hall
where the conference meets.

UNION MEETING FOR THE REV. C. M. YOCUM

Rushville Congregations Will Say
Farewell to Departing Pastor
Next Sunday Night

OTHER FAREWELLS FOR HIM

The Rushville churches will say
good-by to the Rev. C. M. Yocum at
a union meeting at the Main Street
Christian church next Sunday night.
It is the custom of the Rushville
Ministerial association to hold a
farewell union service whenever one
of its members departs. All of the
ministers are out of the city, with
the exception of the Rev. W. M.
Whitsitt, pastor of St. Paul's M. E.
church, and the Rev. Mr. Yocum.
The Methodist pastor consulted the
Rev. Mr. Yocum and announced the
union service for next Sunday night,
feeling sure that it would be satis-
factory with the other pastors, all
of whom are expected back by Sun-
day.

The Rev. Mr. Yocum will leave
very soon for Kansas City where he
will be in charge of a new branch
office of the Foreign Missionary
society of the church. He is now on
his seventh year as pastor of the
church here. Thursday evening the
congregation will bid the pastor and
his family farewell at a social meet-
ing at the church. On Wednesday
evening the Young Men's Circle and
the Loyal Daughters classes of the
Sunday school, taught by the Rev.
and Mrs. Yocum respectively, will
entertain for them.

The Weber Always Leads

ABOUT 1845, when the first Weber was built, you could not buy a better wagon than a Weber. There were no better built. Weber made "the best" his standard.

That was over seventy years ago, but the standard has been the same every year since. You know that, from the good work you have seen Weber wagons doing. You know they have been always popular.

We can show you, if you come in, that "the best" is the Weber standard to-day. We want to show the wagon to you in the up-to-date form, with every improvement, some of which you can't find on any other make of wagon.

You can see, here in the store, the new fifth wheel, the folding end gate, the link end rods, the strong construction of gears, wheels, and boxes. Come in the first chance you have and see this wagon.

COAL MEN AGAINST GOVERNMENT CONTROL

Intimate Injunctions May be Filed Against President's Bituminous Prices

SEE EVIDENCE OF LOOSENESS

(By United Press.)
 Washington, Aug. 28.—Coal operators are making a concerted drive against government control. Intimations of injunctions against President Wilson's bituminous prices were heard today.

The bituminous operators also are attacking the federal trade commission in letters to President Wilson. The absence of prices for Michigan mines was cited by the operators as "evidence of looseness," in the government regulations of the coal industry. When coal controller Garfield turns his attention from wheat to coal, probably next Friday, the entire problem will be passed to him by President Wilson.

The operators have asked legal advice on the question of appealing to the courts for relief, in case the government declines to increase the price of coal at the mines. Many have appealed to the president for the cost figures on which prices were based. They demand to know also why they were not given a hearing.

President's Answer to Pope Will Show America's War Purpose.

Washington, Aug. 28.—President Wilson today is expected to read to his cabinet a completed draft of his reply to Pope Benedict's peace proffer. It will then probably go forward this week. Those who know the president's mind say his answer will show the liberals of the world that America is in the war for on sordid purpose and for no gain for herself—beyond assurance that the subtle intrigues of autocratic power can not weave themselves about democratic nations to accomplish their destruction.

TRACTION ENGINE EXPLODES

Charles Fisher, Half-Brother of William Lafara, Is Killed

Charles Fisher, a half-brother of William Lafara of this city died last Friday night at Farmer City, Ill., from injuries sustained when a traction engine used in operating a threshing machine exploded. The accident occurred Friday afternoon and Mr. Fisher lingered until nine o'clock that night. Mr. and Mrs. Lafara have returned from attending the funeral. Mr. Fisher was thrown a distance of 100 feet and was so badly hurt that he never regained consciousness. He is survived by his widow and one child.

READY TO ANSWER CALL.

Charles B. Stiffler of Anderson has resigned his position with the Union Traction company and is home here visiting his parents, Mr. and Mrs. Andrew Stiffler, awaiting call to the cantonment at Louisville. His number was fifth in Madison county and he passed the examination and filed no claim for exemption. Mr. Stiffler expects to be called September 19 because the first five per cent will be men with military training as cooks.

DISEASE BAFFLES

PATRIOTIC DAY FOR THE COUNTY FAIR IS PLANNED

Continued from Page 1.

time for the race program to begin.

"The occasion of your county fair must not be allowed to pass," says Mr. Ellis in his letter, "without an attempt, on the part of those of us charged with patriotic responsibilities in these stressful days, to advance the work of the State Council of Defense along all lines possible.

"The patrons of your fair will probably spend most of the forenoon at the fair grounds inspecting the exhibits. At the noon hour they will gather in small groups for their luncheon. Shortly thereafter they will begin to assemble in large numbers in the grand stand—even hours before the races shall begin. It is concerning this feature that I write you this letter.

"Will you not arrange for the placing of a piano in the grand stand where it may be used for community singing purposes throughout the entire season of your fair? I am asking you, also, if you will not please arrange with local singers to assemble about the piano at 1 o'clock p. m. and act as chorus choir to direct patriotic singing by all of the people assembled? Let them sing 'America,' 'Dixie,' 'Tramp, Tramp, Tramp, the Boys are Marching,' 'The Battle Hymn of the Republic' and 'The Star Spangled Banner.'

Secretary Bogue says that if all of the concessions which have promised to come here arrive, it will be the biggest fair in years. The race track will be used for showing stock this year and the small show ring south of the grand stand will be converted into a midway as was done at one fair a few years ago. The midway will run north and south.

The free attraction for the fair this year is the most pretentious one ever offered. There are twelve people in the company and they have five different acts. Bringing this company here represents the biggest outlay of money for a free attraction ever spent by the fair board.

An effort is being made to advertise the fair well. The secretary and members of the board are attending the fairs in this part of Indiana and will spend much time at Shelbyville this week. Moving picture slides are being run in eighteen towns in this section of the state and the fair is being widely advertised in the newspapers.

The Connersville boys band has been engaged to play all during the fair.

The announcement that five per cent of the proceeds will go to the Red Cross is expected to bring about a more liberal patronage of the fair.

BOARD BELIEVES IT HAS BEEN SUSTAINED

Continued from Page 1.

but for some unknown reason failed to do so. In the list is First Lieut. Blacklidge. Of course the board knows he is an officer but the proper claim was not presented and the local records have nothing to show that he is a member of Co. B.

However, no trouble is expected to come, since they are in the service. The necessary forms may have to be sent to Hattiesburg. The following are the names certified to the district board: Franklin E. Gregory, George Ruble, Leland Gardner, Walter English, Forest Joyce, Allan H. Blacklidge, Lewis Perkins, George Stites and John Rawlings.

Amusements

The Princess offers Sessue Haya-kawa, the noted Japanese actor in the feature drama, "Each of His Kind," for the first picture tonight. It is said to be a wonderful drama, contrasting the society of the English and the Oriental. In addition to this drama, scenes at Camp Shelby, Hattiesburg, Miss., where Company B is now stationed, will be shown. The pictures show the construction work that is being carried on there. Wednesday Mme. Petrova will be seen in the feature, "The Black Butterfly."

The Gem will show another of the O. Henry stories tonight. This one is entitled, "The Green Door." Mildred Manning is featured. In addition the drama, "Peter the Hermit," and the comedy, "A Bit of Bent Wire," will be shown. Tomorrow the five act feature, "Pearl of Paradise," will be offered in which Margarita Fisher is featured.

—Mrs. Carl Eveleigh of Indianapolis is visiting her parents, Mr. and Mrs. J. D. Megee.

—Mrs. C. R. Trite and two sons of Wichita, Kan., are visiting her aunt, Mrs. J. E. Bean.

—Lieutenant B. C. Thurman of McMinnville, Tenn., spent the day here yesterday with friends.

—Mr. and Mrs. William Schrader

of Chicago are visiting Mr. Schrader's father, Henry Schrader.

—Robert Kidd of Brazil is visiting Mr. and Mrs. Greely P. Mc-

County for a week.

Board Here Vindicated

The letter addressed by President
Wilson to Secretary of War Baker
expressing his views in regard to
exemptions under the conscription
act is a full vindication for the Rush
county selecton board which has,
with two exceptions, exempted ev-
ery married man who has filed a
claim for exemption. The presi-
dent says he believes married men
should be exempted from service
except where they do not file claims
and where they have an income in-
dependent of their own labor which
will support their wife or family as
the case may be.

By following this principle only
can the action on exemptions be
uniform. In some countries mar-
ried men have been certified into the
army with little regard for the sta-
tus of the case. Reports have reach-
ed here of men being refused ex-
emptions whose families were abso-
lutely dependent upon them for their
support.

There is little doubt but that the
Rush county board's interpretation
of the regulations have been correct
though there have been enough sup-
plementary regulations to confuse
any board. The regulations pro-
vide for the discharge of any "mar-
ried man whose wife or child is de-
pendent upon his labors for sup-
port," and the word, "labor" is de-
fined as mental or bodily exertion.
There is not a word in the regula-
tions as to the wife's ability to
support herself or as to the ability
or likelihood of her relatives to
come to her assistance in case her
husband is denied an exemption. The
question is purely one of the present
dependency of the wife or child on
the husband or father and his de-
pendency upon his actual labor as a
means of support for himself and
his family.

The thing which confused most
boards was a ruling of the provost
marshal early in August in which he
instructed the boards that "where
ever the wife is not left without
reasonable adequate support, but
will receive such support from other
sources, there is no real dependency
rendering discharge advisable."

All things being taken into con-
sideration, it seems very likely that
"other sources" means incomes de-
rived from property or other sources
independent of that earned by the
head of the family. But many
boards have construed this to mean
that if any means of support can
be obtained by the wife's own effort,
or by the assistance of others, the
exemption should not be granted.

In our present circumstances, it
means much for a man to give him-
self to his country, much less to
ask him to sacrifice his family,
when there are millions of men,
wholly free from any family re-
strictions, registered and waiting for
their number to be called. It is
within the pale of possibility that
married men may have to make this
sacrifice later, but it seems quite
without the bounds of reason, or
military or economic necessity, to
make such stringent rulings now as
regards the man of family.

Value of Advertising

A Washington newspaperman, part
of whose daily task it is to read
George Creel's Official Bulletin, pub-
lished at Washington by the gov-
ernment, rises to inquire whether the
Bulletin is being published for the
presidential bomb of William G. Mc-
Adoo, secretary of the treasury.
Perusal of the Official Bulletin will
cause one to wonder after the in-
quiry by the W. N. M. Taken in con-
sideration with the fact that Mr.
McAdoo made a "swing around the
circuit" through the western states
a few months ago for the ostensible
purpose of advancing the campaign
to sell Liberty Bonds, the questions
raised by the newspaperman seems
a bit apropos.

This newspaper man haphazardly
picked up a bunch of the Bul-
letins from his desk. Here's his own
language. Listen to it:

"I picked up a bunch of the Bul-
letins from the desk where they are
piled," said the discoverer, "and
found that I had grabbed up the is-
sues of August 8 to 18, inclusive,
ten numbers, no issues on Sundays.
I found Mr. McAdoo featured or
mentioned in every issue. He is the
only member of the Cabinet who
gets any featuring whatever, and
even the President does not run one,
two, three with the secretary in the
publicity race. It is some little
scheme to have your political pub-
licity work done by your Uncle Sam
and at his expense. Give the Bul-
letin the once over if you want to
get me."

The director of the United States
Bureau of Mines says you can save
enough money by intelligent opera-
tion of your furnace this winter to
buy a Liberty Bond. He cites the
case of the Yale professor, who
during the winter of 1912-13, kept
his house of ten rooms at an even
temperature of 69 degrees for seven
months and ten days at a cost of
\$40 for coal and \$8 for wood. He
used nine and two-fifths tons of
coal at \$4.25 a ton. Of course,
but you might try and see if you can
at four and a quarter next winter,
you might try and see if you can
not show that Yale professor a trick
or two.

Time will tell—even a woman's
age, if you wait long enough, though
she won't give it when she registers
to vote or when she enrolls for wom-
ans service in the war.

There is positively no way to ac-
count for tastes. Now there are
some folks who prefer croquet to
baseball.

Father And Son Disagree

(Muncie Press)

The California Johnsons do not
seem to work in entire harmony. It
will be remembered that one of the
most bitter opponents of Governor
Hiram Johnson in his gubernatorial
race was his own father. While
Senator Johnson was making an im-
passioned speech in Congress de-
manding that wealth be conscripted
because youth had been, the Sena-
tor's son, in California was trying
to get exempted from military ser-
vice on the ground that he had a
wife to support, while the young lad-
ies father, a capitalist, was declar-
ing that he could support his daugh-
ter and this should not stand in the
way of Johnson, Jr., pouring his
blood on European battlefields after
the fashion described by the senior
Johnson in the Senate.

TODAY WAS NAMED AS ENDING OF WAR

According To A Prediction of St. Malachi, Irish Monk, Struggle Should End

HE LIVED ABOUT 1250 A. D.

Said to Have Named The Date For the Start of the War and Roumania's Entry

(By United Press.)

New York, Aug. 28.—The great war should end today according to a prediction of St. Malachi, and Irish Monk, who lived about 1250 A. D.

St. Malachi is said to have predicted the date of the start of the present war and the date of Roumania's entry into the struggle.

This is St. Malachi's prophecy as found on an original manuscript now in the Civil Museum, at Como, Italy.

"When the first number shall meet the ninth and when the two shall be united with the first and sixth (1916), during the sixth month of the year (August, according to the old calendar) and after two times four and two times ten days shall have passed (August 28) the new races which drew their name from Romulus (Roumania) shall rise and shall ally themselves with powerful nations.

"Then the fierce beast who for three years and one month has been filling all the earth with blood, with horror and with carnage, now surrounded, smitten from all sides and roaring in vain will seek whom he may devour, but shall not find them.

"There shall be new battles while new moons shall wax and wane thirteen times. The fifth day after the sun leaves the sign of the lion, the beast shall die a fearful death. A virgin whose name contains two iotas, two alphas, a tau, and a lambda, (Italia) shall crush his head and the latin people shall share his spoils."

Astronomers consider the prophecy particularly wonderful because it is based on astronomical facts unknown at the time Malachi lived.

Italian journals say Malachi has predicted with signs and symbols the name of every pope since his time.

FARM WILL BE 55 MILES IN LENGTH

Right-of-Way of Defunct Railway Will be Sowed in Wheat or Alfalfa

PASSES THROUGH TOWNS

(By United Press.)

Denver, Colo., Aug. 28.—The most unique farm in the United States will be sown in wheat or alfalfa this fall. It will be fifty five miles long and 200 feet wide and will occupy the land which represents the present right of way of the Denver & Laramie railway, which will be "junked" September 1 by its owner, M. S. Radetsky. The "farm" will extend from Greeley, Colo., to Denver and will pass through the business sections of several small towns between the two.

The railroad, which has never paid, was recently purchased at public auction by Radetsky, a dealer in defunct railroad properties. The rolling stock and track will be sold for junk, and the right of way used as a wheat or alfalfa field, unless the owner is restrained from "junking" the line by the state public utilities commission.

PATRIOTIC DEMONSTRATION

Greensburg, August 27.—In a monster patriotic demonstration, Greensburg bade goodbye today to Decatur county soldiers who will leave soon to enter war service. Business houses will close this afternoon between 2 o'clock and 4. Prominent speakers will address the soldiers from the court house square.

DYSENTERY EPIDEMIC HITS GERMANY HARD

Government Suppresses Details and no Longer Allows Publication of Mortality Statistics

TUBERCULOSIS IS INCREASING

(By United Press.)

Berne, Aug. 28.—Germany is suffering from an almost nation-wide epidemic of dysentery.

The German mortality rate has jumped from fifty to one hundred percent since the first of the year. Tuberculosis is ravaging the people, due to their weakened condition through a lack of proper food.

This information came to the United Press today from a source of highest authority.

The German government is making frantic efforts to conceal the dysentery epidemic. All German cities have stopped publication of mortality statistics. The tuberculosis rate is said to have nearly doubled in the last few months.

Dysentery comes in part through the lack of proper diet. It is in order to conceal the scarcity of food that the German government is making such extraordinary efforts to suppress all details of the epidemic.

REVIVAL IS IN PROGRESS

Rev. W. M. Whitsitt at Glenwood M. E. Church Monday Night

The Rev. W. M. Whitsitt, pastor of St. Paul's M. E. church, preached last night at the Glenwood M. E. church where a revival is in progress this week. The Rev. L. H. Kendall of Connersville is scheduled to preach tonight and Dr. C. E. Bacon of Connersville, district superintendent, tomorrow night. The Rev. P. O. Ball of Connersville delivered the sermon Sunday night and Angie Godwin, a deaconess, spoke Sunday morning. She also spoke at the Orange M. E. church Sunday afternoon and the Falmouth M. E. church Sunday evening.

RED CROSS NEEDS WORKERS
Fears Surgical Dressings Department Will be Neglected

The urgent need of more workers by the Red Cross was again emphasized, because of the new activity in knitting. Although the demand for knitted articles is great, officials of the Red Cross pointed out today that the surgical dressings department at headquarters here should not be neglected. Even though the Red Cross has to get out its allotment of three hundred sets of knitted articles as soon as possible, it is stated that branch of the work should not be permitted to interfere with other equally important interests in the Red Cross work.

Society

Mrs. W. T. Lampton entertained the members of the F. A. R. C. club last evening at her home in Milroy with a pitch-in supper, in honor of Dr. Lampton's birthday. The entire home was decorated with the national colors, and the color scheme of red, white and blue was carried out in the decoration of the table. A large french basket of red, white and blue asters and red sage adorned the table and the supper was served in buffet style. Mrs. G. F. Herdeliesk of St. Louis, the house guest of Dr. and Mrs. John Frances was the only out-of-town guest. After supper, the pleasant hours were spent over Rook, Mrs. W. D. Martin being the winner of the ladies prize and Charles H. Stewart of the other prize.

About fifty teachers and officers of the Christian church and their families were present at a pitch-in dinner given at the church last evening as a farewell to the Rev. and Mrs. C. M. Yocum, who will leave soon for Kansas City, Mo. The teachers and officers arranged the delightful affair and the bounteous supper was served on long tables spread in the basement of the church. After supper a social evening was spent by the guests.

Lieutenant Scott Buell, who left for Louisville, Ky., today entertained a few friends with a farewell dinner last evening at his home, east of this city. Hosts of flags made an appropriate decoration for the attractively laid table and the places were marked with red, white and blue place cards. The elegant dinner was served in three courses. The guests were Captain Perry Oneal, Robt. Hume, and Mr. and Mrs. Neff Ashworth of Connorsville.

PATRIOTIC DAY FOR FAIR IS PLANNED

Officials Expect to Act on Suggestion
From State Council of Defense
Received Today.

MAY HONOR DRAFTED MEN

Tentative Arrangements Made For
Basket Dinner For Those Already
Selected on Wednesday.

A SPEAKER IS PROMISED

Community Singing at Fair Sug-
gested in Letter—Connersville
Band to Play This Year.

Effort Being Made To Have Former Vice-President Speak

It was announced this after-
noon that an effort was being
made to have Charles Warren
Fairbanks, former vice-presi-
dent of the United States, speak
at the proposed patriotic day
exercises at the fair on Wed-
nesday, September 12. It was
stated that Frank Dailey, sec-
retary of the State Council of
Defense and former United
States district attorney, would
be invited to speak at the fair
on Friday.

A patriotic day for the county fair
was in the making today following
the receipt this morning by A. Bogue,
secretary of the association, of a
form letter from Horace Ellis, chair-
man of the educational section of the
State Council of Defense, advising
the fair not be allowed to pass with-
out laying stress on the patriotic
phase because of the war. The fair
will be held September 11 to 14.

The letter suggested a plan which
will probably be worked out for Wed-
nesday of the fair, which, according
to tentative arrangements today, will
be patriotic day. Secretary Bogue
talked with members of the board of
directors and they favored making
the day an occasion for a demon-
stration for all men who have been
drawn and certified to the district
board for service in the National
army.

Hastily made plans today provide
for a basket dinner about eleven
o'clock for all men who have been
passed for the army, not simply
those who will respond to the first
call. There will be approximately
one hundred certified for service by
that time, although only sixty-six
will respond to the first call.

While it is true that some of the
first quota will be called to the
Louisville cantonment on Wednes-
day, September 5 they will represent
only five per cent of the quota—
four men—and the bulk of the first
draft will still be here. Forty per
cent will report on Wednesday of the
week following the fair. The belief
was expressed by many today that
the county fair would be a most ap-
propriate place for the farewell be-
cause the men come from all parts of
the county and the fair is an insti-
tution that appeals to every phase
of life in the county.

Mr. Ellis urged a stirring patri-
otic address for the fair in his let-
ter and stated that the educational
section of the State Council of De-
fense would co-operate and send a
speaker if desired. The fair board
will accept the offer and get a speak-
er for patriotic day. The form that
the plans took today was for the men
of the new army march from the
place where dinner is served to the
track in front of the grand stand
and then into the grand stand where
the exercises would be held at noon,
so as to complete the program before

GERMAN LOSS OVER 50,000

Casualties in Flanders Battle Since
July 1 Are Compiled

With the French Army in the
Field, Aug. 28.—Germany has lost
over 50,000 men in the Flanders
battle since July 1. The figures
were compiled today when the as-
sembling of data obtained from pris-
oners was completed.

These estimates of losses do not
take into account the huge casual-
ties which the enemy has sustained
around Verdun and Ladies Highway.

SANITARY UNIT'S HOURS NUMBERED

Expect at Any Moment to be Called
to Fort Harrison if Fourth
Infantry is Moved.

A. CALL FROM MAJOR CAREY

With the mobilization of the
Fourth regiment at Fort Harrison
today, providing the necessary equip-
ment was secured, members of the
local sanitary detachment were ex-
pecting an order today calling them
to Indianapolis. If the regiment goes
into camp at the Fort the sanitary
detachment is expected to go there,
but if the regiment remains at the
state fair grounds, then the local
unit expects to go to the fair
grounds.

This latter course was expected by
the men. Lieut. Green was out in the
country today buying a horse for
himself. At a late hour this after-
noon, no definite word had been re-
ceived regarding leaving of Rush-
ville but the men were expectant.
The other equipment for the unit is
expected to be issued as soon as they
arrive in Indianapolis. Major
Carey called from Indianapolis by
telephone last night and instructed
the detachment to have everything in
readiness to depart at a moment's
notice.

O. D. TYNER MAY BE INJURED INTERNALLY

Former Principal of High School

ly Hurt at Fort Wayne

AUTO STRUCK BY STREET CAR

Orval D. Tyner, instructor in the
Fort Wayne high school, formerly
principal of the Rushville high
school, is suffering from three frac-
tured ribs and possible internal in-
juries, and his daughter, Anna Ty-
ner, has severe injuries about the
head, the result of an accident Sun-
day evening when an automobile in
which they were riding was struck
by a city street car at the corner
of Lewis and Barr streets, Fort
Wayne. It is likely that Mr. Tyner
will not be able to take up his du-
ties when school opens.

They were riding in a machine
driven by F. M. Brandon of Auburn.
The city car approached the street
intersection at a rapid rate of
speed and struck the auto before it
could cross the tracks.

copper price fixed is expected to be
around 20 cents a pound.

Washington, Aug. 28.—The senate
today by a vote of 39 to 29 struck
from the war revenue bill the pro-
vision for an increase in letter post-
age from two to three cents.

PLACE TO SLEEP MIGHT BE WORSE

Company B's Shelter is Warehouse
But it is Not so Bad as The
Floors Are Soft Pine

FEW CASES OF HOMESICKNESS

All Men Who Have Been in Service
Think Camp Shelby Will be
Good Training Camp

Camp Shelby Will Be Ready by September 18.

Hattiesburg, Miss., Aug. 28.—
Indications today were that
Camp Shelby will be ready for
Indiana men and others as-
signed here by Sept. 18. Con-
trary to earlier reports there is
plenty of water here. Only
electrical equipment is now
lacking to pump an abundant
supply for all purposes.

(Special to the Daily Republican.)
Camp Shelby, Hattiesburg, Miss.,
Aug. 28.—After being here a few
days things begin to look a little
more pleasant for Company B.

The first day in camp was one of
the hottest days of the summer and
it certainly was hot for the northern
boys. The only shade we can find
it from the pine trees and that is in
such small quantities that it doesn't
count.

About a thousand men have ar-
rived since we reached here and it
will soon begin to look like a real
training camp. Troop trains are
coming in every day and night and
almost all the other companies have
full equipment. Our captain is try-
ing his best to get us fitted out, but
it is an awful hard thing to do.

Only a few of the boys had a
case of homesickness and as a rule
the rest of them are singing, wrest-
ling or kicking about the eating.

We have been unable to get any
supplies from the quartermaster's
department, and still have to eat
our traveling rations which consist
of canned meat, tomatoes, beans,
blackberry jam and hard tack.
It is great to hear the boys talk
of hard tack, but I suppose every-
one will get so they relish it before
they leave the army.

There is only one way that it is
served so that it is really good and
that is to soak it for two hours and
then fry it in deep grease and serve
it with syrup.

We used some of the mess fund
to purchase something good to eat
but at that about all we were able
to get was salt-bacon and a few
vegetables. Mess Sergeant Brann
has gone to Hattiesburg to try and
arrange for the purchase of some
fresh bread and meat.

We are under a greater disadvan-
tage than was really expected as
everyone thought cantonments
would be provided for sleeping quar-
ters, but we have found that we are
supposed to sleep in tents and as we
are not equipped with tentage, it is
necessary for us to sleep on the
floor in one of the large warehouses.
But that is not so bad as the floors
are all made of soft pine.

Captain Kiplinger and his officers
have an awful time trying to drill
the men on account of the holes
caused by blowing out stumps.

The company was in platoon for-
mations yesterday in their drill and
the captain thought he had lost a
squad of men from one platoon, but
later found they were in correct
formation all right, but were out of
sight in one of the stump holes.

Our second lieutenant, Kröber,
seems to be a real officer and is tak-
ing up his duties in a business-like
manner. He seems to be a very
sociable officer and is liked by the
men under his charge.

All the men who have ever been
in service seem to think this will be
a fine training camp in a few weeks
and it certainly ought to be a good
place for winter training.

BOARD BELIEVES IT IS SUSTAINED

No Other Interpretation Can Be Put
on Silence of District Army Se-
lection Board

MORE APPEALS ARE LIKELY

Eight Members of Company B Fail
To File Claims For Discharge—
Matter Will Be Arranged

The local selection board today
again failed to receive word from
the district board in session in Fort
Wayne. In the absence of any in-
formation concerning the cases that
have been sent from this county,
the local board is taking it for
granted that its action has been sus-
tained or word would have been sent
in case of any reversals.

In the meantime the local board
has caught up in the clerical work
connected with the examination and
the making out of the official papers.
The board believes the county's
quota of sixty-six and the additional
ten per cent asked by the govern-
ment has been reached and passed
and for this reason will not call any
more men for examination.

A. L. Gary, local appeal agent,
was investigating some cases today
and intimated that some more ap-
peals would be taken. The nine ap-
peals which he took last week will
not be withdrawn on account of the
new interpretation put on the rules
by the president and the provost
marshal. Mr. Gary's position is that
all claims are automatically appealed
and for this reason there is no need
to withdraw those in which he gave
official notice of appeal.

The appeal agent is carefully in-
vestigating the affidavits for exemp-
tion and in cases where he finds a
wife with sufficient income outside
of that furnished by her husband,
appeals will be taken. It was inti-
mated that the appeal agent had
found one such case, the wife being
worth approximately \$25,000. It is
the understanding of the appeal agent
that in a case of this kind the
woman would not be solely depen-
dent upon her husband and there
would be no good reason for his not
going to war.

The local appeal agent this morn-
ing received a copy of the letter
sent out by Provost Marshal Gen-
eral Crowder last Saturday to all
governors and state conscription
agents, calling attention to the sit-
uation as regards married men. The
letter urged all boards to exempt
heads of families in cases where
claims had been filed and in cases
where the wife did not have a sepa-
rate income. The letter contained
practically the same instructions as
was carried in Washington news dis-
patches of last Saturday. Local
authorities believe the order will
simply tend to make the work of the
boards uniform.

In checking over its lists the local
board yesterday found eight mem-
bers of Company B, who had filed
no claims for exemption because of
being in the military service or else
had overlooked to file the necessary
affidavits to support the claims.

Of course, the local board knows
the men are members of Company B,
but their knowledge can not be used
to make the records correct and
satisfy the district board. As a re-
sult eight names of men who are
already in the federal military ser-
vice were certified to the district
board.

It is not known why the men did
not file their claims for exemption
as is provided by law. Other mem-
bers of the company who were
drafted put in their claims and re-
ceived their discharge. The local
board could find no provision in the
law whereby a man can be exempted
or discharged because he is in the
service unless he files his proper
claims. The company's officers
promised to look after this matter

AUTO ACCIDENT IS BASIS OF \$5,000 SUIT

Mrs. James Moore Brings Action
Against Howard Wewee, Son
of Leonard Wewee

NEGLIGENCE IS ALLEGED

Mrs. Ruth Moore, wife of James
Moore, filed suit for \$5,000 damages
today against Howard Wewee, son
of Mr. and Mrs. Leonard Wewee,
north of the city, for injuries re-
ceived when she was struck by the
Wewee automobile on the Fort
Wayne road, March 12, 1917. Mrs.
Moore alleges negligence on the part
of the defendant.

The complaint states that Mrs.
Moore in company with her husband
was walking towards this city and
were at the extreme left side of the
road. Young Wewee, it is charged
attempted to pass a machine driven
by Knowles Newhouse while going
at a high rate of speed and in a
negligent manner. In going around
the other machine Mrs. Moore was
struck and hurled for a distance of
twenty-five feet. She alleges she
sustained injuries to her knee, hip,
head, face and suffered a nervous
shock as a result of the accident.
The plaintiff claims she is perman-
ently crippled. Kiplinger and Smith
represent the plaintiff.

ITALIANS EXPECTED TO SWEEP TO TRIESTE

Civil Evacuation is Reported at
Washington With Enemy Only
Twelve Miles Away

NO ACTION ON WEST FRONT

Austria's fear of Italy is reach-
ing the point where her great of-
fensive will sweep over to Trieste,
Queen City of the Adriatic. Dis-
patches to the Italian embassy in
Washington reported a hurried civil
evacuation under military orders of
that city and the sweep forward of
the Italian forces.

At last reports they were less
than a dozen miles distant. A hun-
dred miles to the north cables de-
tailed even greater progress of the
Italian drive across the Bain Sizza
plateau. Austrian troops are op-
posing them vigorously but with
waning morale.

Owing to assistance being given
Austria's enemies by this govern-
ment the dual monarchy is expect-
ed to declare war on America soon.
Neither the British or French of-
ficial statements indicate any great
action today. Field Marshal Haig
reported a 2,000 yard advance in
Flanders near the St. Julian-Cap-
pelle road.

ELECTRIFIED BY WILSON MESSAGE

Moscow Conference Greet's Presi-
dent's Promise of Aid by Thun-
derous Applause

PREMIER KERENSKY READS IT

First Time Since Convening That
There Was Any Unanimity of
Action by Delegates

By WILLIAM G. SHEPHERD

Moscow, Aug. 28.—President Wil-
son's message to the Moscow con-
ference electrified that assembly to-
day. His promise that America
would aid new Russia "with all
moral and material power" was
greeted with thunderous cheers. His
entire statement produced a deep
impression, coming as it did after
speeches of cabinet officers had an-
nounced Russia's grave need of fi-
nancial assistance and moral aid.

Premier Kerensky read President
Wilson's message.

The president's cable was re-
ceived at midnight. The conference
had labored for many hours before
that. The great hall of the meeting
was stilled as the tired delegates
prepared to leave. The message was
read amidst a silence that bespoke
eager attention. Then came a storm
of cheering. Every delegate in the
hall arose to his feet. The bedlam
of sound continued for several min-
utes.

It was the first time since the con-
ference assembled that there was an
unanimity of action. Even the Ca-
det part members joined in the de-
monstration. Heretofore that body
sat stolidly, almost glumly, applaud-
ing no speaker except those of their
own party.

The chasm between these quiet
Cadet forces and the workmen's and
soldiers representatives was just as
wide early today when the session
concluded as it was in preceding
meetings. The single point of unan-
imity in the two forces developed in
the reading of Wilson's message.

All of Moscow is guarded in a
fashion of the old days of autocrac-
y. Cossacks patrol the city hall
where the conference meets.

UNION MEETING FOR THE REV. C. M. YOCUM

Rushville Congregations Will Say
Farewell to Departing Pastor
Next Sunday Night

OTHER FAREWELLS FOR HIM

The Rushville churches will say
good-by to the Rev. C. M. Yocum at
a union meeting at the Main Street
Christian church next Sunday night.
It is the custom of the Rushville
Ministerial association to hold a
farewell union service whenever one
of its members departs. All of the
ministers are out of the city, with
the exception of the Rev. W. M.
Whitsitt, pastor of St. Paul's M. E.
church, and the Rev. Mr. Yocum. The
Methodist pastor consulted the
Rev. Mr. Yocum and announced the
union service for next Sunday night,
feeling sure that it would be satis-
factory with the other pastors, all
of whom are expected back by Sun-
day.

The Rev. Mr. Yocum will leave
very soon for Kansas City where he
will be in charge of a new branch
office of the Foreign Missionary
society of the church. He is now on
his seventh year as pastor of the
church here. Thursday evening the
congregation will bid the pastor and
his family farewell at a social meet-
ing at the church. On Wednesday
evening the Young Men's Circle and
the Loyal Daughters classes of the
Sunday school, taught by the Rev.
and Mrs. Yocum respectively, will
entertain for them.

Woman's Friend Power Washer

IT COMES TO BE A JOY AND BOON.
It does not come a day too soon,
It brings to woman's woes an end—
The Power Washer, Woman's Friend.

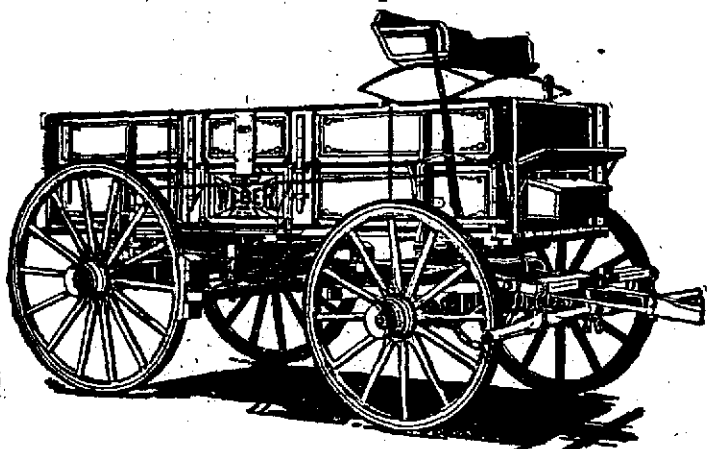

It is the handiest washer out;
It's what all women talk about;
No more o'er washboards need they bend
If they have got the Woman's Friend.

It is the thing the age demands;
It takes the work from Woman's hands,
And very little time they spend
In washing with the Woman's Friend.

It's just as clever as can be,
It's washing done by Science, see?
Of all the washers that they vend
The easiest is the Woman's Friend.

The Weber Always Leads

ABOUT 1845, when the first Weber was built, you could not buy a better wagon than a Weber. There were no better built. Weber made "the best" his standard.

That was over seventy years ago, but the standard has been the same every year since. You know that, from the good work you have seen Weber wagons doing. You know they have been always popular.

We can show you, if you come in, that "the best" is the Weber standard to-day. We want to show the wagon to you in the up-to-date form, with every improvement, some of which you can't find on any other make of wagon.

You can see, here in the store, the new fifth wheel, the folding end gate, the link end rods, the strong construction of gears, wheels, and boxes. Come in the first chance you have and see this wagon.

COAL MEN AGAINST GOVERNMENT CONTROL

Intimate Injunctions May be Filed
Against President's Bituminous Prices

SEE EVIDENCE OF LOOSENESS

(By United Press.)
Washington, Aug. 28.—Coal operators are making a concerted drive against government control. Intimations of injunctions against President Wilson's bituminous prices were heard today.

The bituminous operators also are attacking the federal trade commission in letters to President Wilson. The absence of prices for Michigan mines was cited by the operators as "evidence of looseness," in the government regulations of the coal industry. When coal controller Garfield turns his attention from wheat to coal, probably next Friday, the entire problem will be passed to him by President Wilson.

The operators have asked legal advice on the question of appealing to the courts for relief, in case the government declines to increase the price of coal at the mines. Many have appealed to the president for the cost figures on which prices were based. They demand to know also why they were not given a hearing.

TO READ REPLY TO CABINET

President's Answer to Pope Will Show America's War Purpose.

Washington, Aug. 28.—President Wilson today is expected to read to his cabinet a completed draft of his reply to Pope Benedict's peace proffer. It will then probably go forward this week. Those who know the president's mind say his answer will show the liberals of the world that America is in the war for on sordid purpose and for no gain for herself—beyond assurance that the subtle intrigues of autocratic power can not weave themselves about democratic nations to accomplish their destruction.

PROMISES TO PAY; SET FREE

Harry Land Released After Hyman Schatz Causes His Arrest

Upon a promise to pay Harry Land was released from custody last evening after being arrested in Anderson and brought here. His arrest was caused by Hyman Schatz who alleged Land gave him a check for \$10 without sufficient funds in the bank. The affidavit was filed before Squire Newhouse and Chief Yakey went to Anderson and brought him back here. Schatz did not desire to prosecute and let Land off with a promise to pay.

PROF. J. H. WILLIAMS DIES

Former Head of Washington School Here Expires in Washington, Ind.

Prof. James H. Williams, colored, former head of the Washington school, this city, died last evening at his home in Washington, Indiana, according to word received here this morning from friends. Mr. Williams was about fifty years old. He was grand lecturer of the Masonic lodge and was on a lecture tour when taken ill about three weeks ago. He was to have appeared here shortly. He is survived by his widow and three children. The funeral services will be conducted tomorrow at Washington.

TRACTION ENGINE EXPLODES

Charles Fisher, Half-Brother of William Lafara, Is Killed

Charles Fisher, a half-brother of William Lafara of this city died last Friday night at Farmer City, Ill., from injuries sustained when a traction engine used in operating a threshing machine exploded. The accident occurred Friday afternoon and Mr. Fisher lingered until nine o'clock that night. Mr. and Mrs. Lafara have returned from attending the funeral. Mr. Fisher was thrown a distance of 100 feet and was so badly hurt that he never regained consciousness. He is survived by his widow and one child.

READY TO ANSWER CALL.

Charles B. Stiffler of Anderson has resigned his position with the Union Traction company and is home here visiting his parents, Mr. and Mrs. Andrew Stiffler, awaiting call to the cantonment at Louisville. His number was fifth in Madison county and he passed the examination and filed no claim for exemption. Mr. Stiffler expects to be called September 19 because the first five per cent will be men with military training as cooks.

PATRIOTIC DAY FOR THE COUNTY FAIR IS PLANNED

Continued from Page 1.

time for the race program to begin.

"The occasion of your county fair must not be allowed to pass," says Mr. Ellis in his letter, "without an attempt, on the part of those of us charged with patriotic responsibilities in these stressful days, to advance the work of the State Council of Defense along all lines possible."

"The patrons of your fair will probably spend most of the forenoon at the fair grounds inspecting the exhibits. At the noon hour they will gather in small groups for their luncheon. Shortly thereafter they will begin to assemble in large numbers in the grand stand—even hours before the races shall begin. It is concerning this feature that I write you this letter."

"Will you not arrange for the placing of a piano in the grand stand where it may be used for community singing purposes throughout the entire season of your fair? I am asking you, also, if you will not please arrange with local singers to assemble about the piano at 1 o'clock p. m. and act as chorus choir to direct patriotic singing by all of the people assembled? Let them sing 'America,' 'Dixie,' 'Tramp, Tramp, Tramp, the Boys are Marching,' 'The Battle Hymn of the Republic' and 'The Star Spangled Banner.'"

Secretary Bogue says that if all of the concessions which have promised to come here arrive, it will be the biggest fair in years. The race track will be used for showing stock this year and the small show ring south of the grand stand will be converted into a midway as was done at one fair a few years ago. The midway will run north and south.

The free attraction for the fair this year is the most pretentious one ever offered. There are twelve people in the company and they have five different acts. Bringing this company here represents the biggest outlay of money for a free attraction ever spent by the fair board.

An effort is being made to advertise the fair well. The secretary and members of the board are attending the fairs in this part of Indiana and will spend much time at Shelbyville this week. Moving picture slides are being run in eighteen towns in this section of the state and the fair is being widely advertised in the newspapers.

The Connersville boys band has been engaged to play all during the fair.

The announcement that five per cent of the proceeds will go to the Red Cross is expected to bring about a more liberal patronage of the fair.

BOARD BELIEVES IT HAS BEEN SUSTAINED

but for some unknown reason failed to do so. In the list is First Lieut. Blackledge. Of course the board knows he is an officer but the proper claim was not presented and the local records have nothing to show that he is a member of Co. B.

However, no trouble is expected to come, since they are in the service. The necessary forms may have to be sent to Hattiesburg. The following are the names certified to the district board: Franklin E. Gregory, George Ruble, Leland Gardner, Walter English, Forest Joyce, Allan H. Blackledge, Lewis Perkins, George Stites and John Rawlings.

Amusements

The Princess offers Sessue Hayakawa, the noted Japanese actor in the feature drama, "Each of His Kind," for the first picture tonight. It is said to be a wonderful drama, contrasting the society of the English and the Oriental. In addition to this drama, scenes at Camp Shelby, Hattiesburg, Miss., where Company B is now stationed, will be shown. The pictures show the construction work that is being carried on there. Wednesday Mme. Petrova will be seen in the feature, "The Black Butterfly."

The Gem will show another of the O. Henry stories tonight. This one is entitled, "The Green Door." Mildred Manning is featured. In addition the drama, "Peter the Hermit" and the comedy, "A Bit of Bent Wire," will be shown. Tomorrow the five act feature, "Pearl of Paradise," will be offered in which Margarita Fisher is featured.

—Mrs. Carl Eveleigh of Indianapolis is visiting her parents, Mr. and Mrs. J. D. Megee.

—Mrs. C. R. Trite and two sons of Wichita, Kan., are visiting her aunt, Mrs. J. E. Bean.

—Lieutenant B. C. Thurman of McMinnville, Tenn., spent the day here yesterday with friends.

LIKES THE CAMP

The Rev. W. M. Whitsitt received a card this morning from his son, Vincent Whitsitt, who entered the second officers training camp opening at Fort Benjamin Harrison yesterday. He writes that he likes the camp fine and that everything started off nicely. Mr. Whitsitt is in the First Infantry company and is quartered in the frame cantonment formerly occupied by an Ohio regiment.

Board Here Vindicated

The letter addressed by President Wilson to Secretary of War Baker expressing his views in regard to exemptions under the conscription act is a full vindication for the Rush county selection board which has, with two exceptions, exempted every married man who has filed a claim for exemption. The president says he believes married men should be exempted from service except where they do not file claims and where they have an income independent of their own labor which will support their wife or family as the case may be.

By following this principle only can the action on exemptions be uniform. In some countries married men have been certified into the army with little regard for the status of the case. Reports have reached here of men being refused exemptions whose families were absolutely dependent upon them for their support.

There is little doubt but that the Rush county board's interpretation of the regulations have been correct though there have been enough supplementary regulations to confuse any board. The regulations provide for the discharge of any "married man whose wife or child is dependent upon his labors for support," and the word, "labor" is defined as mental or bodily exertion. There is not a word in the regulations as to the wife's ability to support herself or as to the ability or likelihood of her relatives to come to her assistance in case her husband is denied an exemption. The question is purely one of the present dependency of the wife or child on the husband or father and his dependency upon his actual labor as a means of support for himself and his family.

The thing which confused most boards was a ruling of the provost marshal early in August in which he instructed the boards that "where ever the wife is not left without reasonable adequate support, but will receive such support from other sources, there is no real dependency rendering discharge advisable."

All things being taken into consideration, it seems very likely that "other sources" means incomes derived from property or other sources independent of that earned by the head of the family. But many boards have construed this to mean that if any means of support can be obtained by the wife's own effort, or by the assistance of others, the exemption should not be granted.

In our present circumstances, it means much for a man to give himself to his country, much less to ask him to sacrifice his family, when there are millions of men, wholly free from any family restrictions, registered and waiting for their number to be called. It is within the pale of possibility that married men may have to make this sacrifice later, but it seems quite without the bounds of reason, or military or economic necessity, to make such stringent rulings now as regards the man of family.

Value of Advertising.

A Washington newspaperman, part of whose daily task it is to read George Creel's Official Bulletin, published at Washington by the government, rises to inquire whether the Bulletin is being published for the presidential bomb of William G. McAdoo, secretary of the treasury. Perusal of the Official Bulletin will cause one to wonder after the inquiry by the W. N. M. Taken in consideration with the fact that Mr. McAdoo made a "swing around the circuit" through the western states a few months ago for the ostensible purpose of advancing the campaign to sell Liberty Bonds, the questions raised by the newspaperman seems a bit apropos.

This newspaper man haphazardly picked up a bunch of the Bulletins from his desk. Here's his own language. Listen to it:

"I picked up a bunch of the Bulletins from the desk where they are piled," said the discoverer, "and found that I had grabbed up the issues of August 8 to 18, inclusive, ten numbers, no issues on Sundays. I found Mr. McAdoo featured or mentioned in every issue. He is the only member of the Cabinet who gets any featuring whatever, and even the President does not run one, two, three with the secretary in the publicity race. 'It is some little scheme to have your political publicity work done by your Uncle Sam and at his expense. Give the Bulletin the once over if you want to get me.'"

The director of the United States Bureau of Mines says you can save enough money by intelligent operation of your furnace this winter to buy a Liberty Bond. He cites the case of the Yale professor, who during the winter of 1912-13, kept his house of ten rooms at an even temperature of 69 degrees for seven months and ten days at a cost of \$40 for coal and \$8 for wood. He used nine and two-fifths tons of coal at \$4.25 a ton. Of course, but you might try and see if you can at four and a quarter next winter, you might try and see if you can not show that Yale professor a trick or two.

Time will tell—even a woman's age, if you wait long enough, though she won't give it when she registers to vote or when she enrolls for woman's service in the war.

There is positively no way to account for tastes. Now there are some folks who prefer croquet to baseball.

Father and Son Disagree

(Muncie Press)

The California Johnsons do not seem to work in entire harmony. It will be remembered that one of the most bitter opponents of Governor Hiram Johnson in his gubernatorial race was his own father. While Senator Johnson was making an impassioned speech in Congress demanding that wealth be conscripted because youth had been, the Senator's son, in California was trying to get exempted from military service on the ground that he had a wife to support, while the young ladies father, a capitalist, was declaring that he could support his daughter and this should not stand in the way of Johnson, Jr., pouring his blood on European battlefields after the fashion described by the senior Johnson in the Senate.

TODAY WAS NAMED AS ENDING OF WAR

According To A Prediction of St. Malachi, Irish Monk, Struggle Should End

HE LIVED ABOUT 1250 A. D.

Said to Have Named The Date For the Start of the War and Roumania's Entry

(By United Press.)

New York, Aug. 28.—The great war should end today according to a prediction of St. Malachi, and Irish Monk, who lived about 1250 A. D.

St. Malachi is said to have predicted the date of the start of the present war and the date of Roumania's entry into the struggle.

This is St. Malachi's prophecy as found on an original manuscript now in the Civil Museum, at Como, Italy.

"When the first number shall meet the ninth and when the two shall be united with the first and sixth (1916), during the sixth month of the year (August, according to the old calendar) and after two times four and two times ten days shall have passed (August 28) the new races which drew their name from Romulus (Roumania) shall rise and shall ally themselves with powerful nations.

"Then the fierce beast who for three years and one month has been filling all the earth with blood, with horror and with carnage, now surrounded, smitten from all sides and roaring in vain will seek whom he may devour, but shall not find them.

"There shall be new battles while new moons shall wax and wane thirteen times. The fifth day after the sun leaves the sign of the lion, the beast shall die a fearful death. A virgin whose name contains two iotas, two alphas, a tau, and a lambda, (Italia) shall crush his head and the latin people shall share his spoils."

Astronomers consider the prophecy particularly wonderful because it is based on astronomical facts unknown at the time Malachi lived.

Italian journals say Malachi has predicted with signs and symbols the name of every pope since his time.

FARM WILL BE 55 MILES IN LENGTH

Right-of-Way of Defunct Railway Will be Sowed in Wheat or Alfalfa

PASSES THROUGH TOWNS

(By United Press.)

Denver, Colo., Aug. 28.—The most unique farm in the United States will be sown in wheat or alfalfa this fall. It will be fifty five miles long and 200 feet wide and will occupy the land which represents the present right of way of the Denver & Laramie railway, which will be "junked" September 1 by its owner, M. S. Radetsky. The "farm" will extend from Greeley, Colo., to Denver and will pass through the business sections of several small towns between the two.

The railroad, which has never paid, was recently purchased at public auction by Radetsky, a dealer in defunct railroad properties. The rolling stock and track will be sold for junk, and the right of way used as a wheat or alfalfa field, unless the owner is restrained from "junking" the line by the state public utilities commission.

DYSENTERY EPIDEMIC HITS GERMANY HARD

Government Suppresses Details and no Longer Allows Publication of Mortality Statistics

TUBERCULOSIS IS INCREASING

(By United Press.)

Berne, Aug. 28.—Germany is suffering from an almost nation-wide epidemic of dysentery.

The German mortality rate has jumped from fifty to one hundred percent since the first of the year. Tuberculosis is ravaging the people, due to their weakened condition through a lack of proper food.

This information came to the United Press today from a source of highest authority.

The German government is making frantic efforts to conceal the dysentery epidemic. All German cities have stopped publication of mortality statistics. The tuberculosis rate is said to have nearly doubled in the last few months.

Dysentery comes in part through the lack of proper diet. It is in order to conceal the scarcity of food that the German government is making such extraordinary efforts to suppress all details of the epidemic.

RED CROSS NEEDS WORKERS

Fears Surgical Dressings Department Will be Neglected

The urgent need of more workers by the Red Cross was again emphasized, because of the new activity in knitting. Although the demand for knitted articles is great, officials of the Red Cross pointed out today that the surgical dressings department at headquarters here should not be neglected. Even though the Red Cross has to get out its allotment of three hundred sets of knitted articles as soon as possible, it is stated that branch of the work should not be permitted to interfere with other equally important interests in the Red Cross work.

Mrs. W. T. Lampton entertained the members of the F. A. R. C. club last evening at her home in Milroy with a pitch-in supper, in honor of Dr. Lampton's birthday. The entire home was decorated with the national colors, and the color scheme of red, white and blue was carried out in the decoration of the table. A large french basket of red, white and blue asters and red sage adorned the table and the supper was served in buffet style. Mrs. G. F. Herdiesch of St. Louis, the house guest of Dr. and Mrs. John Frances was the only out-of-town guest. After supper, the pleasant hours were spent over Rook. Mrs. W. D. Martin being the winner of the ladies prize and Charles H. Stewart of the other prize.

About fifty teachers and officers of the Christian church and their families were present at a pitch-in dinner given at the church last evening as a farewell to the Rev. and Mrs. C. M. Yocum, who will leave soon for Kansas City, Mo. The teachers and officers arranged the delightful affair and the bounteous supper was served on long tables spread in the basement of the church. After supper a social evening was spent by the guests.

Lieutenant Scott Buell, who left for Louisville, Ky., today entertained a few friends with a farewell dinner last evening at his home, east of this city. Hosts of flags made an appropriate decoration for the attractively laid table and the places were marked with red, white and blue place cards. The elegant dinner was served in three courses. The guests were Captain Perry Oneal, Robt. Hume, and Mr. and Mrs. Neff Ashworth of Connersville.

Miss Mary Anderson was the hostess to about ten members of the Tri Kappa last evening, when they had their regular meeting at her home south of this city. The Arrival of New Fall Garments

Manhattan Sweaters
for school girls and
boys. New line just in.

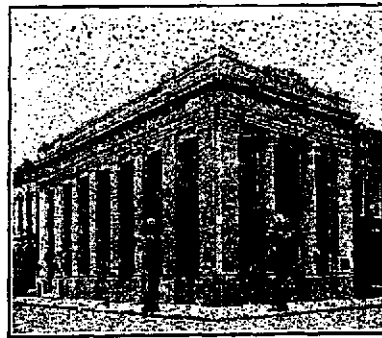

Calls our attention to the rapid approach of the Autumn Season. Box after box is being unpacked, revealing attractive styles, new shades and splendid fabrics. Almost every express from New York brings more. Every garment has been chosen only after scores of others not quite so good have been discarded.

NEW YORK STYLES ARE BROUGHT TO YOUR VERY DOOR.

Doesn't it mean something to you that many, many complete lines of suits, coats and dresses have been personally inspected in New York City, where styles are created, and only the best of each line purchased and are presented now for your approval? We think that you will agree that this time, spent solely for the purpose of bringing Rushville closer to the center of styledom, has been well spent.

You are invited to an early inspection of all that is new and correct in
